

# WHAT IS ALIVE DAY?

Several years ago, one of our Vets invited me to a BBQ at his home. I asked him, "What's the occasion, is it your birthday?"

— He replied, 'No it's my "Alive Day"'. So I asked, "What is Alive Day?" — He said, "Alive Day is the day I was wounded and survived. I celebrate my Alive Day every year."

I will never forget that conversation... as a matter of fact, I purchased the URLs for Alive Day Festival with the idea of having a summer event or festival.

Celebrating Alive Day – We have always said, "We insist on enjoying Life". Alive Day is a beautiful day that should be celebrated with family and friends... While always remembering those who made the ultimate sacrifice.
